

Privacy Policy — BroOpsBot

Effective Date: 25 August 2026

Last Updated: 25 August 2026

This Privacy Policy explains how **BroOpsBot** (“Bot”, “we”, “us”, or “our”) collects, uses, stores, and protects information when you interact with it through Telegram.

BroOpsBot is an independent third-party Telegram bot and is **not affiliated with, endorsed by, or operated by Telegram**.

1. Definitions

- 1.1. **Telegram** means the Telegram messaging platform and its related services.
- 1.2. **Bot** means BroOpsBot, including its commands, inline functionality, automated responses, and associated services.
- 1.3. **Developer** means the individual or organization responsible for developing and operating BroOpsBot.
- 1.4. **User** means any person who interacts with BroOpsBot through Telegram.
- 1.5. **Personal Data** means information that can identify or reasonably be associated with a User.
- 1.6. **Policy** means this Privacy Policy.

2. Scope and Acceptance

- 2.1. This Privacy Policy applies to information processed through your interaction with BroOpsBot.
- 2.2. Your use of BroOpsBot is also subject to Telegram’s applicable terms and policies, including the Telegram Privacy Policy and Telegram Bot Developer Terms.
- 2.3. This Policy governs the relationship between the Developer and the User. It does not govern Telegram’s independent processing of your information.
- 2.4. By using BroOpsBot, you acknowledge that you have read and understood this Privacy Policy.
- 2.5. If you do not agree with this Policy, you should stop using BroOpsBot.

3. Information We May Receive

Depending on how you interact with the Bot, Telegram may make certain information available to BroOpsBot through the Telegram Bot API. This may include:

- Telegram user ID;
- Telegram username, if available;
- First and last name, if provided by your Telegram account;
- Language or locale information;
- Messages and commands sent to the Bot;
- Information contained in files, links, or other content you voluntarily submit;
- Information required to provide inline functionality when you invoke the Bot;
- Basic technical or diagnostic information necessary to operate and secure the service.

The exact information available to the Bot depends on Telegram’s platform capabilities and the way you interact with it.

4. Information You Choose to Provide

BroOpsBot may process information that you voluntarily submit, including:

- Text queries;
- Commands;
- URLs or other references;
- Files or documents;

- Content submitted through inline mode;
- Feedback or support requests;
- Other information you intentionally send to the Bot.

Do not submit passwords, authentication credentials, financial information, government identification numbers, or other highly sensitive information unless the Bot specifically requires it and clearly informs you why.

5. How We Use Information

Information received through BroOpsBot may be used only as reasonably necessary to:

1. Provide the Bot's requested functionality;
2. Process and respond to your queries;
3. Maintain and improve Bot functionality;
4. Detect, prevent, and investigate abuse, spam, fraud, or security incidents;
5. Diagnose technical problems and service failures;
6. Maintain operational logs where reasonably necessary;
7. Comply with applicable legal obligations.

We do not use your Personal Data for unrelated purposes without appropriate notice or authorization.

6. Data Minimization

BroOpsBot follows a data-minimization approach.

We aim to collect and retain only information reasonably necessary for providing, securing, and maintaining the Bot.

We do not intentionally request personal information that is unnecessary for the Bot's functionality.

7. Messages and User Content

7.1. Messages and other content that you send to BroOpsBot may be processed by the Bot's infrastructure in order to generate a response or perform the requested operation.

7.2. Depending on the Bot's implementation, messages may be temporarily processed or logged for operational, debugging, security, or abuse-prevention purposes.

7.3. User-provided content is not considered confidential merely because it is sent to the Bot.

7.4. You are responsible for ensuring that you have the necessary rights and permissions to submit content to the Bot.

8. Data Retention

8.1. We retain Personal Data only for as long as reasonably necessary for the purposes described in this Policy.

8.2. Temporary processing data may be automatically deleted after the relevant operation is completed.

8.3. Operational or security logs may be retained for a reasonable period where necessary to maintain the security and reliability of the service.

8.4. Data may be retained for longer where required by applicable law, necessary to resolve disputes, prevent abuse, or establish or defend legal claims.

8.5. When information is no longer required, we will take reasonable steps to delete or anonymize it.

9. Third-Party Services

9.1. BroOpsBot may rely on third-party infrastructure, hosting, APIs, databases, analytics, security services, or other technical providers to operate its functionality.

9.2. Where third-party services process information on our behalf, we seek to limit their access to information reasonably necessary for the relevant service.

9.3. Certain Bot features may require sending user-provided content to an external service for processing. Where applicable, the Bot should provide appropriate notice before such processing occurs.

9.4. We do not sell Personal Data to third parties.

10. Data Security

10.1. We take reasonable technical and organizational measures to protect information against unauthorized access, alteration, disclosure, loss, or destruction.

10.2. No internet-based service can guarantee absolute security.

10.3. Users should therefore avoid submitting information that they would not want processed by an online service.

11. Sharing and Disclosure

We do not intentionally sell, rent, or commercially trade Personal Data.

Information may be disclosed only where reasonably necessary:

- To provide a requested Bot feature;
- To trusted service providers operating infrastructure on our behalf;
- To protect the security and integrity of the Bot;
- To investigate abuse, fraud, or malicious activity;
- To comply with applicable law or a valid legal request;
- To protect the rights, property, or safety of the Developer, Users, or others.

12. Public Information

Information that you voluntarily make publicly available through Telegram or elsewhere on the internet may be accessible to other people and is not considered private information solely because you subsequently interact with BroOpsBot.

You should exercise appropriate caution when sharing publicly accessible information.

13. User Rights

Subject to applicable law, you may request:

- Access to Personal Data associated with your use of the Bot;
- Correction of inaccurate Personal Data;
- Deletion of Personal Data;
- Restriction or objection to certain processing;
- Withdrawal of consent where processing is based on consent;
- Information about how your Personal Data is processed.

Requests may be subject to reasonable verification requirements to prevent unauthorized access to another person's information.

We aim to respond to valid privacy requests within the timeframe required by applicable law and, where practicable, within **30 days**.

14. Data Deletion

You may request deletion of Personal Data associated with your use of BroOpsBot.

A deletion request should identify the Telegram account or information concerned sufficiently for us to locate the relevant data.

Some information may need to be retained where required or permitted by law, including information necessary for security, fraud prevention, legal compliance, dispute resolution, or establishment or defense of legal claims.

15. Children’s Privacy

BroOpsBot is not specifically directed at children.

Users must comply with Telegram’s applicable age requirements and all applicable laws governing their use of online services.

We do not knowingly collect children’s Personal Data for purposes unrelated to providing the Bot’s requested functionality.

16. International Data Processing

Depending on the infrastructure used to operate BroOpsBot, information may be processed or stored in countries other than the country in which you reside.

Where applicable, reasonable measures will be taken to ensure that such processing complies with applicable data-protection requirements.

17. Telegram’s Role

BroOpsBot is an independent third-party service.

Telegram independently controls its own processing of information under its own policies. Nothing in this Privacy Policy modifies or replaces Telegram’s Privacy Policy, Terms of Service, or other applicable Telegram policies.

For information concerning Telegram’s own processing practices, refer to Telegram’s official privacy documentation.

18. Changes to This Privacy Policy

We may update this Privacy Policy when necessary to reflect changes in:

- Bot functionality;
- Data-processing practices;
- Security practices;
- Legal or regulatory requirements.

The **Last Updated** date at the beginning of this Policy will be changed when material revisions are made.

Continued use of BroOpsBot after an updated Policy becomes effective constitutes acceptance of the revised Policy, to the extent permitted by applicable law.

19. Contact and Privacy Requests

For privacy-related questions, data-access requests, correction requests, or deletion requests, contact the Developer through the contact method provided by BroOpsBot.

When submitting a privacy request, provide enough information for us to identify the relevant Telegram account and understand your request.

20. Developer Information

Bot: BroOpsBot

Developer: [Developer / Organization Name]

Privacy Contact: [Privacy Contact / Email]

Developer Information: Available through the Bot’s `/developer_info` command or designated contact channel.

By using BroOpsBot, you acknowledge this Privacy Policy and agree to its applicable terms.
